# LIVES ARE 'PUT AT RISK' AFTER DEFIBRILLATOR FEARED STOLEN

A LIFE-SAVING defibrillator has been stolen from a Public Access Box in Tarleton village.

The vital piece of equipment went missing from the box placed on a wall at Holistic Health in Church Road.

Douglas Cardiac Trust, who are responsible for the defib, spent a week investigating if it had been used in an emergency but now fear it was stolen by heartless thieves after North West Ambulance service told them there was no record of it being pressed into action.

Bernard Sparkes, the secretary of Douglas Cardiac Trust, said: "We have come to the conclusion that the defibrillator has been stolen, potentially putting lives at risk. The

Report by **Henry James**

box the defibrillator was in was unlocked to allow anyone to have easy access to life-saving equipment.

"Sometime between July 5 and July 30 the defibrillator was removed from its Public Access box in the village.

"The loss of this piece of vital life-saving equipment could have very serious consequences to any person in that locality in Tarleton who may suffer a cardiac condition and be in need of a defibrillator."

## Firefighters from Lancashire fly out to tackle wildfires

A firefighter tackling the blaze in Athens.

Report by **Danielle Thompson**

FIREFIGHTERS from across Lancashire have flown out to Greece to help on the frontline as blazing wildfires continue to devastate parts of the country.

Crews from across the country including neighbouring Merseyside, along with officers from the National Resilience Assurance Team flew to Athens on August 8.

The deployment comes following a formal request to the National Fire Chiefs Council's (NFCC) National Resilience team from the Home Secretary to give operational assistance to Greece.

The team are being led by officers from Merseyside Fire & Rescue Service and overseen by MFRS' deputy chief fire officer, Nick Searle.

The firefighters have been deployed alongside their Greek counterparts in tactical firefighting. Any team sent is entirely self-sufficient, ensuring that no additional burden is placed upon a country already suffering unprecedented demands on its resources.

# Police win 'silver award' for their work supporting Armed Forces community

Report by **Henry James**

**LANCASHIRE Police is officially an Armed Forces-friendly organisation.**

They have been given a 'silver award' under the Defence Employer Recognition Scheme for their ongoing work to ensure they recognise and utilise the talents and skills that people from the Armed Forces community bring.

This means veterans, service leavers, reservists, military spouses and cadet forces instructors know they are supportive of them, whether they are employed with them already or wish to join them in the future. The police have also had to demonstrate flexibility towards training and mobilisation commitments for reservists and Cadet Force adult volunteers.

They are one of 36 organisations from across the North West to receive the silver award. It comes after they signed the Armed Forces Covenant earlier this year and were awarded a bronze award.

PC Ian Thompson, the Armed Forces Champion for Lancashire Constabulary, applied for the award on behalf of the Constabulary.

He said: "In the last 12 months the constabulary has shown its commitment to the Armed Forces community of Lancashire by signing the Armed Forces Covenant.

"This means we have adopted practices that recognise the contribution that members of the Armed Forces community make to the constabulary and the wider county, and we have committed to using those skills within the force.

"As a member of the armed forces community myself I am incredibly proud that we have received this award. It really shows our commitment as a 'forces-friendly' employer and service provider."

The Minister for Defence People and Veterans, Leo

**PC Ian Thompson and the branding for the award**

Docherty, added: "I would like to thank all the organisations who have proven their support for the defence community during such unprecedented and challenging times.

"The vast range of those recognised this year demonstrates how employing members of the armed forces community makes a truly positive and beneficial impact for all employers, regardless of size, sector or location."

Vicky Doran, Regional Employer Engagement director at the North West of England and the Isle of Man Reserve Forces' and Cadets' Association said: "On behalf of the Ministry of Defence we are honoured to be able to recognise the support and commitment given to the Armed Forces Covenant by employers in the region, through the Employer Recognition Scheme awards.

"Each recipient has demonstrated not only that they support the Covenant and the Armed Forces community, but also that they are prepared to support their reservists, service leavers, veterans and cadet force adult volunteers in the workplace."

Martin Leeming, CEO of TrakRap

## Skem-based packaging firm shortlisted for industry award

A LOWcarbon alternative to traditional paper ITF labels, developed by secondary packaging specialist TrakRap, based in Skelmersdale, has been shortlisted for a prestigious FDF Award.

The innovative TrakCoder system has the potential to prevent almost 600,000 tonnes of film from going to landfill – an achievement which has made it a contender in the Sustainable Packaging Initiative category of the awards, which recognise excellence for innovation, competitiveness and talent in the food and drink industry.

Launched this year by the Gorsey Place-based company, TrakCoder prints the ITF barcode label on the same material as both cold wrap and shrink wrap plastics, enabling film which might previously have gone to landfill to be fully recycled.

Martin Leeming, CEO of TrakRap, said: "We take pride in the fact that TrakCoder will not only reduce the CO2 emissions generated by using paper adhesive labels, but will do so at a fraction of the cost."

"As well as offering 100% recyclability, the system lowers the costs of ITF labelling by 30%, in line with our goal to make sustainable packaging a viable financial option as well as an environmental imperative."

The FDF Awards received more than 200 entries across the 18 award categories.

Ian Wright, chief executive of the Food and Drink Federation, said: "Those nominated exhibit the extraordinary vibrancy and resourcefulness of the food and drink industry as it faced the twin challenges of Covid-19 and the UK's EU exit. All of those nominated are heroes."

# Man arrested after leaving dog in locked car boot for two hours in sweltering heat

## Police forced to smash vehicle window after public raised alarm

Report by **Henry James**

POLICE were forced to smash a car window in order to release a dog which had been put in the boot during a recent hot day.

Officers were called to the vehicle in Appley Bridge on Wednesday, August 4 after members of the public had seen the animal being put there.

When police officers arrived, the dog could be heard in distress, and concerns were heightened when the dog fell silent.

Fearing for the dog's life, officers forced entry to the vehicle and recovered the animal which was immediately transported to a vet for treatment for heat exposure and dehydration.

The owner returned to the vehicle approximately two hours after leaving it and was arrested for animal cruelty.

Ormskirk and Rural West Lancs Police said: "The temperature in Appley Bridge was 24 degrees celsius, but it was 10 degrees higher inside the vehicle even after the windows had been smashed."

"Thanks to the public raising the alarm and the actions of officers at the scene, we are expecting the dog to make a full recovery and will be taking what action we can against the owner."

Police said the dog appears to be recovering well, and they have taken the animal pending further investigation.

The arrested male was later released on bail.

Ormskirk and Rural West Lancs Police told the Champion: "When police arrest someone we can hold them for a maximum of 24 hours without charge, except in the most exceptional circumstances."

"Prior to charge we need to present the evidence to the CPS for them to authorise and this has to include all the evidence. In this case, this includes things such as specialist

Police had to force entry into the car to release the dog from the boot. The animal is pictured recovering, right.

vets statements which could not be obtained in the time limit hence the suspect being bailed in this case."

The RSPCA advise people never to leave their dog alone in a car during a warm day. They state: "If you see a dog in distress in a hot car, dial 999."

"Many people still believe that it's OK to leave a dog in a car on a warm day if the windows are left open or they're parked in the shade, but the truth is, it's still a very dangerous situation for the dog."

"A car can become as hot as an oven very quickly, even when it doesn't feel that warm. When it's 22 degrees, in a car it can reach an unbearable 47 degrees within the hour."

## Edge Hill students are table-toppers!

CREATIVE Writing students at Edge Hill University have helped in the release of a new tabletop game as part of their internship with tabletop games creators, Crooked Dice Game Design Studio.

Over the last two years, the students

created 7TV: Fantasy - a tabletop-skirmish game that takes inspiration from 70s and 80s fantasy films.

To create the game and to increase their employability skills, student interns worked as a professional design team on all aspects of the product.

## Borough Council in running for two national awards

WEST Lancashire Borough Council has been shortlisted for two national awards hosted by the Local Government Chronicle.

The Council has been shortlisted for the "Partnership Award" in recognition of the support put in place for residents and businesses during the Covid pandemic working closely with local partners.

This included a dedicated Freephone helpline to help those who were clinically vulnerable to access the support they needed and supporting local businesses by issuing Covid business support grants in the region of £39million.

In addition, West Lancashire is also through to the finals for the "Outstanding Individual Contribution Award", which is a special award for local government employees to showcase resilience, compassion, flexibility, innovation and creativity to cope with adversity. To be short-

West Lancs Borough Council's offices

listed is an achievement in itself and the council are very proud to get this far.

Leader of the Council, Councillor Ian Moran said: "I am delighted that the

excellent partnership working we have here in West Lancashire has been recognised at a national level and that the dedicated work of one of our Council Officers is being showcased as outstanding.

"We have all pulled together and risen to the challenges presented by the virus to deliver what matters most for our local economy and communities."

# Junior Football League chairman thanks teams and parents for their support during 'difficult season'

Joe Nelson at a past presentation ceremony

THE chairman of Skelmersdale Junior Football League, Joe Nelson, has issued a heartfelt message to all players and parents involved in the organisation which looks forward to the new season and thanks them for their support during 2020-21.

Despite the pandemic, Skelmersdale Junior Football League were able to finish a full programme for the season 2020-21.

Joe said: "The season 2020-21 was a difficult season, not only for the committee but for the teams and the parents as well. We look forward to seeing you all again next season."

"Last season games had to be postponed or cancelled due to the national lockdown, and because of the number of restrictions imposed on us. The restrictions have included: allowing only one parent to attend matches with no other siblings permitted; constant cleaning of the equipment; and social distancing."

"These were all of an inconveni-

ence, but necessary to enable us to get the kids playing once again after such a long and uncertain lay off.

"However, despite all this, the league were able to complete a full programme and I would like to thank everyone involved for their patience, understanding and the ability to get on with it."

"Congratulations to all those who were successful in the competitive divisions and to all those who were successful in the cup competitions. A special congratulation and heartfelt thanks goes to all those teams who were not as successful as they would have liked, but committed themselves week in and week out."

"My thanks also go to my committee: Lee Scott; Jon Trenwith; Peter Brierly; Jamie O'Rourke; Billy Jones; Danny Skelhorn; and Steve McIver."

"Thank you also to all the hard work put in by the managers, the referees and last, but certainly not least, the parents for coming down to support their children."

## MP backs charity's appeal to tackle 'pensioner poverty'

A CHARITY'S campaign which aims to tackle rising levels of pensioner poverty has been backed by West Lancs MP Rosie Cooper.

The charity Independent Age revealed recently that 'almost a fifth of pensioners across the UK now live in poverty.'

They say that the rising figures could be drastically reduced if people receive the financial support they are entitled to via Pension Credit – extra money designed to help with living costs for people over State Pension age and on a low income.

However, Pension Credit has the worst uptake of all income-related benefits and has not risen above 64% for almost a decade.

Ms Cooper said: "The dramatic rise in pensioner poverty over the last decade requires urgent attention from the government."

Find out how much you could get by using the online pension credit calculator or call the free claim line 0800 99 1234.

Dr May Ng

## Children's diabetes team to pilot life-changing technology

THE award-winning children's diabetes team at Ormskirk Hospital has been chosen as one of only six in the country to pilot new life-changing diabetes care.

The team will offer children with Type 1 diabetes hybrid closed loop insulin delivery which acts like an 'artificial pancreas,' automatically balancing high and low blood sugars.

It follows the team's success being named North West winner of the excellence in healthcare award in the 2021 NHS Parliamentary Awards.

Associate professor Dr May Ng, clinical lead for paediatric diabetes, said: "We are delighted to be one of only six paediatric centres that have been chosen by NHS England to pilot the hybrid closed loop trials."

"I am very proud of the work the team has put in to continuously improve the standards of diabetes care. This closed loop trial will really benefit the children and young people from Southport, Formby and West Lancashire."

The amount of insulin administered has to be manually adjusted and readjusted throughout the day. Hybrid closed loop is the most advanced technology system currently available and will connect to a continuous blood glucose monitor with an insulin pump, automatically adjusting the insulin delivery, so that blood sugars are more balanced.

# Second successive 'no exam' year produces record A-level results

STUDENTS across West Lancashire received their A-level results yesterday (Tuesday) after not being able to sit exams for the second year running due to the pandemic.

They found out what grades they had been awarded in each of their A-level and BTEC subjects.

Nationally, top grades for A-level results reached a record high, with 44.8% of students getting A\* or A grades - even higher results than last year when 38.5% achieved top grades. More than 200,000 students are also getting vocational BTEC results.

Pupils at Ormskirk School received their results and a school spokesman commented: "Ormskirk School has been through a tumultuous few years, not least when you factor in the distraction of the global pandemic.

"Students in the class of 2021 have had the majority of their studies disrupted, through subsequent lockdowns from March of their Year 12 and again in the January in Year 13, with additional self isolation for many.

"Adapting to remote learning and staying motivated has been quite a task and yet staff at the school are full of praise for their resilience and commitment to their studies through the most challenging of situations. Added to this the changes in leadership as the school has responded to the external criticisms by Ofsted and this cohort of students and their teachers have shown remarkable tenacity."

John Burnham, the acting Head of School who joined from Endeavour Learning Trust in November 2020 commented: "We are absolutely delighted with the results achieved by our students. Students and staff have responded brilliantly to the challenges of the pandemic throughout the past two years and this has been reflected in their results.

"Overall grades are in line with the College's long

Report by **Henry James**

track record of success with more than 80% of students achieving their first choice of University or apprenticeship. All of our students should be really proud of their achievements and we wish them every success in the future."

Some of the school's successes included: Maddie Sumner - Biology A, Spanish A, French A\* going on to study Law and Spanish at Edinburgh University; Joe Morrow Biology A, Chemistry A, Maths A going on to study Medicine at Glasgow University; Callum Butler - Biology A\*, Chemistry A, English Lit A\* going on to study Bio Technology at Edge Hill University; Hannah Williams - Art and Design A\*, Spanish A, English Lang A going on to study English and Modern Languages at Sheffield University.

Students with outstanding progress: Alex Duncan - RE C, Eng Lit C, BTEC Business Distinction\* study-

ing Criminology at Liverpool Hope University; Andrew Howells - PE C, BTEC Business Distinction\*, BTEC Psychology Merit studying Sports and Exercise Psychology at Edge Hill; Jacob Emanuel - BTEC Engineering Pass, BTEC IT Merit, BTEC Business Merit beginning a Marketing Apprenticeship.

Ormskirk School is now looking ahead to a long awaited conversion into a Trust and, the school says, 'continuing its rapid and significant improvements, noted in a more recent return visit from Ofsted'.

Chair of the Interim Executive Board of Governors, Maxine Froggatt, added: "Brilliant news coming through for the students and the staff. Well done to all!

"We are sending our sincere congratulations and grateful thanks to everyone involved. Credit also to our new leadership team for setting this high standard and for seeing so many young people get their first place choice. We are extremely proud of what has been achieved in a short time at Ormskirk School."

Pupils picked up their A Level results on Tuesday

## Council wants pilot scheme put in place before Derby Street is reduced to one lane

LANCASHIRE County Council is being asked by the borough council to run a pilot scheme to determine the impact on traffic congestion before permanently reducing Derby Street in Ormskirk to one lane.

Councillors overwhelmingly backed a motion from Our West Lancashire councillor, Jane Thompson calling on the County Council to carry out a formal trial of one lane operation before bridge strengthening works are started.

The County Council plan to start the works in November to permanently reduce Derby Street bridge to one lane but admit they have carried out no formal pilot of the impact on traffic congestion. Instead, they have relied on computer modelling.

Scott ward councillor Thompson has witnessed congestion first-hand during short-term roadworks on Derby Street and fears that the County Council will be building in permanent tailbacks and air pollution from standing traffic with their proposals. She said: "I do hope LCC will carry out a formal pilot of reducing the traffic from two lanes to one lane, as once the final decision is made this is irreversible. It's such a small request for such an important decision."

## Life-saving village defibrillator stolen

From page 1

In the 20 years the Douglas Cardiac Trust has been formed, it is thought that this is the first time one of their defibrillators has been stolen.

Mr Sparkes added: "The Douglas Cardiac Trust has been fundraising for many years to provide these potentially life saving pieces of equipment and placing them in accessible locations in Tarleton, Hesketh Banks and Banks. We have put them in different places such as churches, and schools.

"The group is very disappointed. We will now have to raise another £850 to replace it and it has not been easy to fundraise during the pandemic.

"We are calling on members of the public to let us know if they come across the defibrillator. The battery in it can only be used in a defibrillator."

Saved

A spokesman for Lancashire Police said: "It was reported to us at 11.22am on August 7 that a defibrillator had been stolen from Church Road, Tarleton, sometime between July 6 and July 30. No arrests have been made and enquiries are ongoing. Anyone with information can call police on 101, quoting log 0579 of August 7."

A North West Ambulance Service spokesperson commented: "It is disappointing to hear that this defibrillator is missing.

"It was placed in this location to be

available around the clock so that in the event of someone having a cardiac arrest, it could potentially save lives in the community.

"If someone has

taken this for an emergency incident, we would ask you to contact us or return it to the cabinet.

"While it is lost, lives cannot be saved."

If anyone knows of

the whereabouts of the missing G5 Defibrillator, they should contact the police or Bernard Sparkes - secretary of Douglas Cardiac Trust on 01772 812936.

## Firefighters fly to Greece to tackle wildfires

From page 1

MFRS' chief fire officer Phil Garrigan said: "The team of 21 firefighters will offer professional and technical skills to our friends and colleagues in Greece at a time when they need us most.

"I have no doubt that our teams will do all they can to assist our colleagues in Greece, along with their communities, during these devastating wildfires.

"I am extremely proud that we and other Fire and Rescue Services from across the country have been able to step up and mobilise a team within 24 hours of the initial request.

"Our Greece counterparts are struggling to deal with the scale of the wildfires.

"These fires are devastating the communities and putting lives at risk and it is only right that we as

a country assist.

The fires are largely due to the country's most severe heatwave in 30 years, with temperatures soaring to more than 40 degrees centigrade in some areas.

Nick Searle, who serves with the Merseyside Fire and Rescue Service, told BBC news the fires were 'very scary'.

He said the team were 'hard at work', but the conditions were not making the job easy.

He added: "We've all seen the high temperatures throughout Europe and if you twin that with high winds, that really is an explosive mixture. Really very scary."

He said the scale of the fires were unprecedented and that the sky was 'completely orange with flames'.

He added: "The size of the wildfires is devastating. It's massively challenging.

"There are thousands of hectares on fire."

Mr Searle said the team and local crews were following the trail of the fires through towns and villages, trying to prevent blazes from breaking out in properties as they went.

He said: "It's passing through towns and villages and just taking everything in its wake.

"In the last couple of years, we've had what we would consider quite serious wildfires up in Lancashire and Greater Manchester.

"This far surpasses anything like that."

NFCC's National Resilience function is in place to deploy both in the UK and overseas.

Previous deployments include Iraq, Turkey, Algeria, Pakistan, India, Iran, Mozambique, Indonesia, Haiti, New Zealand, Japan, Bosnia and Nepal.

## Teachers take plunge with 150ft abseil for Alder Hey

THREE members of the teaching staff at St Anne's Catholic Primary School in Ormskirk have taken part in a challenge for charity.

Jo Seddon, Susie Phillipson and Katrina Williams recently abseiled down the Liverpool Anglican Cathedral to help raise much needed funds for Alder Hey Children's Hospital. They have raised £719 so far, with donations still coming in.

They said: "It was quite scary but we are glad we did it! Thank you to everyone who has already donated, and if anyone else wishes to do so they can by going on the Just Giving webpage."

To donate, visit <https://justgiving.com/fundraising/KatrinaJosusie>

Right: the teachers who abseiled down the Anglican Cathedral

# Garden designer appears on TV to offer expert advice

Report by **Tom Martin**

A GARDEN designer from Skelmersdale has appeared on television to help a mother-daughter duo to completely transform their outdoor space.

David Andersen was on the last week's episode of Sarah Beeny's *Renovate Don't Relocate*, which is a show on HGTV and sees homeowners carry out work to their properties.

Mother Claire and daughter Michelle's garden was accessed via a small door in the kitchen – and was several steps higher than their indoor areas.

This tricky access kept the garden 'out of sight, out of mind', causing it to become neglected and unused.

The pair said they felt cramped in their "basement-like" kitchen-diner area and Michelle was spending most of her time confined to her bedroom.

The poor layout of the kitchen-diner created a 'claustrophobic, dark vibe', so they needed a garden design that could help 'open up' both their indoor and outdoor areas.

**David Andersen**

David, who runs his company from Needham Way, in Skelmersdale, said: "Two of the most important aspects of good garden design are access and landscaping."

"Like Claire and Michelle, when approaching the design of your garden, it's important to prioritise what you need. Whether you want a stunning space to entertain, a serene spot to sip cocktails or a functional area to exercise, these factors will strongly influence your design."

## More funding to tackle domestic abuse

MORE than £345k has been secured by the Office of Lancashire's Police and Crime Commissioner Andrew Snowden in partnership with local authorities including

Lancashire County Council.

The money, awarded by the Home Office, will be used to tackle the root causes of domestic abuse in Lancashire. A number of domestic abuse

charities will benefit from the funding boost with new programmes set to start from August 2021 as well as funding for healthy relationship programmes across schools.

PCC Andrew Snowden met NFU reps, officers and the farming community to discuss rural crime

## What is the cost of rural crime?

LANCASHIRE'S Police and Crime Commissioner met with local representatives from the National Farmers Union (NFU) alongside officers from Lancashire Constabulary to discuss the main rural crime issues in the county – as a national report highlighted the cost to rural communities.

Andrew Snowden met with the NFU's county advisor for Lancashire, Liz Berry and other representatives, the Wildlife, Rural and Heritage officer Lor-

raine Ellwood and local rural officers. They were hosted by a Lancashire farmer who also gave an insight into the challenges he faces due to rural crime.

They discussed the main issues being raised by rural communities, the work that Lancashire Constabulary is already doing to tackle the issue of rural crime and the PCC's commitment to strengthening the work that rural task forces and the force as a whole can do to get tough on crime in rural areas.

The meeting coincided with the release of a report from NFU Mutual, which highlighted some of the trends seen in rural crime during the past year, including issues around fly-tipping, theft of quad bikes and other equipment and an increase in cyber crime targeting farmers and other members of rural communities.

It also highlighted Lancashire as one of the most affected counties in terms of the cost of rural crime, estimated at more than £1.3m in 2020.

# Govt must protect workers' rights, councillor urges

Report by **Henry James**

SKELMERSDALE West County Cllr Julie Gibson has called on the Government to protect workers' rights as the country starts to emerge from the pandemic into a post covid economy.

The call came after the Government introduced the next phase of the 'winding down' of the furlough scheme prompting fears that many thousands could lose their jobs or be forced into insecure work.

Cllr Gibson said: "Recent IMF forecasts show that the UK suffered the worst economic crisis of any major economy in 2020, on top of this growth stalled in the years leading up to the pandemic.

"The latest forecasts show if we continue in this way, then our recovery is at risk and it is more often than not, workers who bear the brunt of this."

### Build back better

She continued: "In West Lancashire, the unemployment rate remains steady at 4.7% according to figures from the Office for National Statistics, but this week we will see the further winding down of the furlough scheme, with the government now paying 60% and employers 20%. A survey by the British Chamber of

Commerce has revealed that changes to the scheme will likely result in many thousands of people being released back into the labour market and made redundant.

"We have 3.6million people in insecure work, including many key workers, according to figures from TUC. A lack of basic rights and protections forces working people into poverty and insecurity.

"This is terrible for working people, damaging for the economy, and as we have seen throughout the pandemic, devastating for public health."

Cllr Gibson said: "Many workers who played their part during the pandemic now face the very real prospect of unemployment and insecure work, they should not be the scapegoats for the government's economic failure.

"If we are to build back better, we need to avoid a race to the bottom, we need to ensure people aren't being driven into worst quality jobs, we need to invest in our workforce and we need to give them the protections they deserve."

County Cllr Julie Gibson

## Charity to host a month-long Health and Wellbeing Event

A MONTH-LONG virtual Health and Wellbeing Event is being held by Macmillan centres and partners across Merseyside through September and West Lancashire and Southport and Formby residents are being invited to take part.

Local Health and Wellbeing events switched to an online format in 2020 due to the Covid-19 pandemic.

After great success and feedback the virtual format event is back, with more partners getting involved from across the region to offer a 'bigger and better' variety of support sessions for anyone who has been affected by cancer.

Sessions during the month will help prepare people for all stages of their cancer journey,

as well as providing support and information for their carers, family and friends. It will bring together a range of service providers from the NHS, social, community and voluntary organisations across Cheshire, Merseyside and West Lancashire, to deliver sessions online each day throughout the month.

The online sessions will include information on topics such as chemotherapy, clinical trials and how to manage conditions like lymphoedema. Sessions will also feature exercise, fatigue, relaxation, hair (including wigs), skin care, emotional support, benefits and financial support and more.

# Expanded mobile library fleet will take to the road

*New additions have 'pun-tastic' new names after public vote*

THE latest additions to Lancashire County Council's mobile library fleet will soon be taking to the roads.

Thanks to a public vote the three new vehicles now have pun-tastic names!

Very soon Great Transportations, Vroom with a View and Ride and Prejudice will be out and about making sure residents in some of the most far flung parts of the county have access to the best books.

They will join The Borrowers, Chitty Chitty Book Book and the Hardbacks of Notre Van in making sure people who do not live close to one of the council's 64 libraries can still access all the great services they offer.

County Councillor Peter Buckley, cabinet member for community and cultural services, said: "We are so pleased to see people getting involved with the naming process. We had more than 400 votes and lots of suggestions which was great."

"The winning names are the perfect addition to the current fleet, and we once again want to thank the public for taking the time to vote and join in the fun. The vans belong to you, the residents of Lancashire so it's only right you should have the final say."

"I'm hoping that residents will spot these new vehicles with their catchy names, and they will bring a smile to their faces. We hope that when they see the vans across Lancashire, they will take a photo and share on social media."

"We know how much the mobile library service is valued by our customers, and for some it's a real lifeline. They provide an important facility to some of the most rural parts of Lancashire, giving people the chance to borrow, renew or order books."

More information on the mobile libraries can be found by visiting the Mobile Library webpage at [www.lancashire.gov.uk/libraries-and-archives/libraries/mobile-library/](http://www.lancashire.gov.uk/libraries-and-archives/libraries/mobile-library/)

Inside one of the mobile libraries

## Belt up! Karate students are put through their paces at grading

A GROUP of 28 karate students from Burscough's McKinstry Family Karate had cause for a post-lockdown celebration after a recent belt grading event.

The members of McKinstry Family Karate were visited by two masters from the World MDK UK and Ireland Soo Bahk Do Federation who attended the event to act as examiners.

Chief instructor Iain McKinstry, said: "It's been a rough time for our members with the lockdowns and all

A group of the students proudly stand with their new rank certificates the recent restrictions.

"We have had to adapt and offer classes online for all our members. Sometimes outdoor classes in all sorts of weather and then changing some of our teaching syllabus to help with social-distancing measures. This was

to keep our members safe while returning to live classes."

An added bonus for the local karate school was a total gym refit! During the lockdowns the group have managed to completely refurbish their Martial Arts Studio.

# Week on road for Linnets and United

IT'S a week on the road for our local football teams with Skelmersdale United and Burscough facing away North West Counties Premier Division games on Saturday and next Tuesday, writes **Neil Leatherbarrow and Simon Driscoll**.

Skelmersdale are away to Runcorn Town on Saturday, August 14, with a 3pm kick off, followed by the first Parbold Hill Derby on Tuesday, August 17 when they are away to Charnock Richard.

Burscough will take to the M6 on Saturday, August 14 as they play Winsford United away, then on Tuesday, August 17 they travel to Squires Gate.

Last night (Tuesday) Skelmersdale had their FA Cup replay at home to Vauxhall Motors and, if they have won, they will be away to Irlam in the next round, scheduled to be played on Saturday, August 21.

Burscough who are out of the FA Cup will play Padiham at home in a league games on August 21.

After an epic clash at EFL side Harrogate Town ended last season's run, Skelmersdale United began this season's Emirates FA Cup campaign with a battling 0-0 against fellow NWCP side Vauxhall Motors at the VanEupen Arena on Saturday, August 7.

Paul McNally welcomed Kenny Strickland into the starting eleven in place of Callum Preston who dropped to the bench as did Abdul Djalo with Elliot Morris promoted to start.

The sides went in at half time on level terms. The best opportunity of the second half for United saw Adegbenro hit across goal and with Dixon beaten just a touch was needed at the far post but the ball sadly beat the run of Danny Mitchley.

United looked for a penalty on 77 minutes as a long ball from Strickland found the run of Morris who advanced into the area before apparently being felled by Dixon, the referee not only denied a

Skem boss Paul McNally

penalty but booked Morris for simulation.

Burscough travelled to the Moss Rose ground in the FA Cup on Saturday to face Macclesfield and were greeted by more than 1,300 spectators.

After last week's narrow 1-0 defeat at the same ground and a good midweek victory they had genuine hope despite facing a difficult task.

However, they went behind inside three minutes and by the interval found themselves 4-0 down and to all intents and purposes beaten.

Burscough were a lot better in the second-half but as manager Nick Matthews commented after the game: "In truth the game was then over."

The final score was Macclesfield 4 Burscough 0. Nick summed up the game by saying to his club media: "We were punished by a quality side in the first-half, they were very clinical."

"They brought in two great additions during the week and we had to patch up, that's the gulf between us and them."

## LIVERPOOL DENTAL SPA

— IMPLANT & AESTHETIC DENTISTRY —

### ARE YOU AFRAID OF THE DENTIST?

Wouldn't it be amazing to sleep through your dental treatment?

At the Liverpool Dental Spa we offer sedation which will allow you to get the smile you have always dreamed of!

Liverpool Dental Spa can offer nervous patients pain free dentistry no matter how big or small using sedation this will allow the most nervous patients to go through any dental procedure calmly and successfully.

Wouldn't it be fantastic to never have to worry about a denture moving or slipping ever again?

To have the confidence to choose anything off the menu and be able to laugh, sing and speak in public without that subconscious fear that your denture will let you down at the worst possible moment?

Dr Marius McGovern, clinical director at Liverpool Implant and Aesthetic Dental Spa, is passionate

about ending denture suffering by using implants to provide same-day teeth.

He said: "Having missing teeth can have a social and functional impact, but here at Liverpool Implant and Aesthetic Dental Spa we aim to address this for our patients by providing same-day fixed teeth."

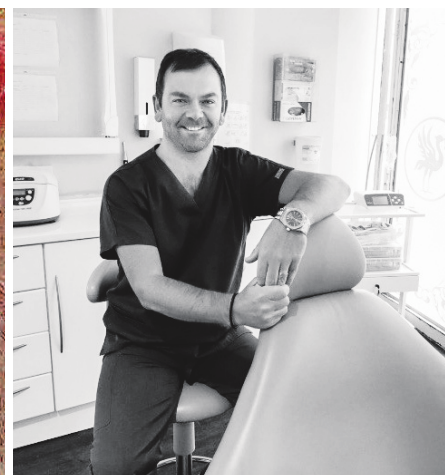

"Many people are now aware that dental implants can replace single missing teeth in a highly successful, attractive and long-lasting way."

"However the advancement in dental implant techniques allows replacement of all missing teeth and full dentures with All-on-4 in a single day!"

# DON'T WANT DENTURES?

The All on 4 System is the perfect solution to missing teeth and dentures!

Gwen would like to thank relatives, friends and neighbours for their kind messages of sympathy and support, cards and generous donations at this sad time.

Thank you to Ken Howles for his kind words and lovely service and to Neal Buckley and staff for caring and dignified funeral arrangements

**REMEMBRANCE**

**MOORCROFT BRENDA.**

In quiet thoughts I live again,  
The days that used to be,  
How rich in kindness, love and care,  
How dear you were to me.

I've lost my life's companion,  
A life linked with my own,  
You're still mine to remember,  
A husband proud to own.

Love you forever,  
Ron & Kevin  
xxxx

[WWW.JOBSCHAMPION.COM](http://WWW.JOBSCHAMPION.COM)

**VIBRO MENARD**

To support and strengthen our existing  
Plant team, Vibro Menard are seeking a  
**YARD OPERATIVE**  
based from our busy Plant Yard in Burscough.

The role will provide support to the Fitters and Welders  
by maintaining clean and tidy work areas in the  
Workshops and Yard, and ensuring tools and equipment  
are clean and ready for use, and stored in a safe manner,  
whilst keeping any paperwork and online systems up to  
date. Occasional travel to sites and suppliers throughout  
the UK is required to make deliveries.

You must have a valid CSCS card and have proven  
experience of working in an operational capacity in a  
plant yard housing construction equipment. A basic  
knowledge of Microsoft Office software is desirable.  
If you are focussed, thorough, and have a conscientious  
and caring attitude towards your work and colleagues,  
we'd love to hear from you!

Morgan has teamed up with Dakar Rally experts to create its latest model

## Thanks Morgan, for unexpectedly making my day!

THE thought filled me with dread as the press release pinged into my inbox. Morgan is launching an off-roader.

Finally, the chaps in Malvern have caved into market demand and treaded the same path that Porsche, Alfa Romeo, Maserati, Aston Martin, Jaguar and Bentley – and just about every other automotive outfit previously defined only by their lithe grand tourers and svelte saloons – have already gone down.

Even the horrendously evocative subheading, “The Morgan built for overland adventure,” made it sound as though the company behind some of Britain’s coolest two-seaters was about to sell out and launch a sports utility vehicle. A BMW X3 with the Plus 8’s headlights.

How wrong I was.

In fact, I think just about the only thing I got right before clocking the Plus Four CX-T is that, to give Worcestershire’s best-known carmaker credit, it’s genuinely “a Morgan like you’ve never seen before” – but it’s also about as far from, say, the Porsche Macan as I am from outperforming Tom Daley at the next Olympics.

It is a Morgan with raised suspension, chunky tyres, a protected underbody to stop rocks clobbering its components and waterproof luggage cases, so think of it as more of a rival for the Ariel Nomad (like it needed one).

Morgan’s crack team of engineers have also given a lot of the hard work over to a company called Rally Raid UK, which is better known for its work setting up the bonkers off-road supercars that take part in the Dakar rallies.

They’ve given it a protective exoskeleton, which

will not only keep you and the car in shape should you roll it down a Saharan sand dune, but also means you can use it to carry around mountain bikes, should you fancy it.

The final bit of not-terribly-Morgan kit comes from another of its regular collaborators – an up ‘n’ coming carmaker called BMW, who you may have heard of – which have provided a trick electronic differential with selectable modes, depending on what sort of terrain you’re on.

You might think this is all a bit off-piste for a small sports car firm, but in fact it’s going right back to its roots – some *Champion* readers with very long memories might recall that in the 1950s Morgans were a force to be reckoned with, notching up class wins in the RAC International Rally.

So a Plus Four designed with rough terrain in mind isn’t actually that different to some of the company’s classic models.

In fact, the only real problem with the Plus 4 CX-T isn’t how wonderfully niche it is, or even its £170,000 asking price – is that it’s only planning to make eight of them.

Either way, I’m glad it exists – and that if you are in the market for an exposed, noisy, hand-built, off-road sports car, and I know it’s a thriving part of the market that for some reason most companies strangely seem to ignore, that there’s now a genuine choice for consumers.

Thank you, Morgan, for unexpectedly making my day.

David Simister is the editor of *Classic Car Weekly*

## All-new hybrid crossover on sale

HONDA’S all-new HR-V has just gone on sale, with the first cars arriving here towards the end of the year.

Prices for the five-door hybrid crossover (*shown, right*) start at £26,960, for which you’ll get the Elegance model, but there are

also two other trim levels, including the £31,660 Advance Style model, which throws in a premium audio system, two-tone paint and a more lavish interior.

Go to [www.honda.co.uk](http://www.honda.co.uk) to find out more about the new HR-V.

Acumen Financial Partnership Ltd

# Family values key to Acumen's success as award-winning independent financial adviser

Business success has always been at the heart of Angela Maher's family. Her grandparents were highly respected farmers. Her dad, Alec Maher, took a struggling garage transforming it into Ormskirk Ford. At 21 her older son Andy Frampton became the youngest music retailer in the country when he established Harmonics Music in Crosby.

That legacy looks set to continue. Founded by Angela in 2006 but with roots that go back to the 1990's, Acumen Financial Partnership is now a 20-strong team managing £300 million of clients investments with her younger son Daniel Frampton joining the business in 2018 as an apprentice.

"We have a close knit team of advisers and support staff all with a range of different experiences," says Angela. "Daniel was a natural fit for a business which already had a real family feel and traditional values. I'm very proud of Acumen - we have an eye for talent and in 15 years we have trained a team who have come from all sorts of backgrounds, supporting them through their exams and developing their careers."

Acumen has always been a huge part of Daniel's life and he remembers how hard his mum worked to build the business which moved from Maghull to bigger 4,600 sq. ft premises in Burscough in 2017. "I remember the old offices as I used to go there after school and do my homework" says Daniel. "It's a bit different now! During lockdown, I decided to knuckle down and add as many qualifications as I could to broaden my knowledge as much as possible." This dedication will lead to Daniel becoming one of the youngest ever to achieve Fellowship of the Chartered Insurance Institute in the UK.

Acumen director Jon Landy says along with the other younger members of the team Daniel has brought fresh ideas and a real buzz to the business. "I'm proud we're training the advisers of the future by creating an environment where they feel confident and able to contribute to the business as it grows. We've bucked the trend in terms of the traditional image of the industry in other ways too, with 5 of our 10 advisers being female."

**"We've bucked the trend in terms of the traditional image of the industry"**

Daniel hadn't initially considered a career in financial services, and had thought about pursuing a career in engineering but a work experience day with an investment company changed his mind. He says "It's an amazing industry. Working closely with individual clients from absolute beginners to experienced investors we focus on straightforward explanations of what can be pretty complex matters. It's a real privilege to earn the trust of our clients -and we never take that for granted. Seeing the difference we can make, improving investment returns, saving tax, making the most of hard earned savings, making the right decisions at the right time - it really can change lives."

## SPEAK TO THE EXPERTS ACUMEN FINANCIAL PARTNERSHIP

# Wild Flower – an explosion of colour, inspired by nature

Josephs are renowned for creating bespoke jewellery using their goldsmith Nic, who has over 40 years experience in the art of making hand crafted jewellery. Josephs current team of people have been together for over a decade and their wealth of experience enables them to consult with their customer and establish a relationship, gaining an insight into their jewellery tastes and desires. This allows them to create a truly unique and individual piece of jewellery just for you.

This year is their 20th year in business and they wanted to celebrate by launching a bespoke Josephs branded collection, using the combination of skills from their goldsmith Nic and the passion and influence from Sean who is the owner of Josephs. Drawing on Sean's inspiration from nature, the ADDITIONS range was born and they launched 'Cascade' earlier this year. This month, they have launched their second collection – 'Wild Flower'. This beautiful creation brings together a variety of coloured gemstone and diamonds, allowing the customer to select the colour and style which appeals to them and their personality.

Sean, owner of Josephs jewellers had recently been inspired by his surroundings, which led him to create Wild Flower and said;

"Whilst riding my bike or walking through the countryside, I noticed something I hadn't seen before, or at least not to this level - wild gardens had suddenly sprung to life. My first thoughts were they looked over grown and un-kept, but when I looked further I realised I was seeing something completely different, which sparked my imagination!"

The more Sean looked around him, the more he saw and went on to say;

"Wild gardens and flowers have a breath taking beauty about them as they encapsulate the wonder of nature. Wild flower gardens and fields of colour are everywhere, appealing to our senses and the colours are simply mesmerising."

This inspiration led Sean to begin his journey in designing the new jewellery collection, Wild Flower. The versatility of this range and endless choice of colour enables them to make pieces totally individual to the wearer. All the Wild Flower jewellery is available in 9ct or 18ct white, yellow or rose gold and brilliant cut diamonds with a centre stone colour of choice.

Due to Josephs in-house workshop, goldsmith and design capabilities, they are also able to create many different jewellery options for their customers. From bangles to lockets, pendants and engagements rings, to individual bespoke designs. Family heirlooms and other precious jewellery can also be remodelled to the requirements of the customer. Josephs can turn sentimental family heirlooms into modern fashionable day pieces, making them more wearable and likely to be passed down to future generations.

If you would like to know more about the services they provide and are perhaps looking to remodel some of your existing jewellery, please call into their studio on Burscough street, Ormskirk where Sean and his team will be happy to help.

## Pandora's Box

## From private appointments to virtual fittings

Pandora's Box in Ormskirk have adapted their business model this year due to initial COVID-19 restrictions put in place and it seems to be a resounding success! Aside from making the usual changes as most retailers have, such as having hand sanitising stations, Perspex screens for protection, limiting the number of people in the shop at any one time etc, Pandora's Box also implemented a private consultation period after lifting of the first lockdown. The private appointments have been received extremely well with their customers and have been so successful they decided to keep them in place for the time being.

They are now open from 10am to 2pm every day apart from Sunday for general browsing and shopping – this includes a 'non-contact' fitting service if required; however from 2.30pm people can make a FREE private 30 minute appointment. This means that people who are little more nervous about sharing the shop with another person, can have the shop to themselves for up to 30 minutes. They can have a 'non-contact' fitting if they wish, or just carry out some private shopping, getting the undivided attention of Jackie and her team. Previously they had 3 fitting rooms open to fit ladies for their bras, with no room for two people to socially distance. During lockdown and prior to opening again they erected a temporary wall covering all 3 fitting rooms. Now, they just have one fitting room open with enough room and privacy for a customer to try on, allowing one of Pandora's Box fitting consultants to carry out a 'non-contact' fit if required.

Pandora's Box have also implemented online 'virtual fittings' to their services, to assist vulnerable women who cannot leave their own homes or those who are isolating and want to buy a new bra. Virtual fittings can be booked on their website on the bookings page along with the in-store appointments. Virtual bookings will be carried out over zoom and a link and instructions of what to do will be sent to the customer once she books. A visual assessment of a woman's bra size and shape of bra needed will be made and a bra/s will be posted out to the customer once paid for. Another virtual appointment will be made once the customer receives the bra/s. If the bras are not

suitable for some reason a full refund will be given or an alternative offered, instilling confidence in the customer. We spoke to Jackie Wood, owner of Pandora's Box to get her thoughts on how the crisis has impacted her business and what changes she has implemented.

Jackie said; "We're finding we're busier than ever now with the demand for fittings and new bras. Many people have either gained or lost weight over the lockdown period which generally will lead to a change in bra size. Young girls who have started to change shape due to growing up during lockdown are needing their first bra too and more women are getting pregnant and having babies so they need maternity and feeding bras! "

As life seems to be shifting back to some kind of normality, people are also starting to get away on holiday and the demand has also increased for swimwear and jeans, something Pandora's Box have great success with. Their swimwear is bra sized, therefore providing a fantastic fit and support and their jeans are comfortable and flattering.

Jackie went on to say; "We were initially unsure if non-contact and virtual fitting would work long-term, but we're very glad we did it as it's working really well for us and our customers."

For more details of the private appointments please visit [pandorasboxormskirk.com/book-online](http://pandorasboxormskirk.com/book-online)

My Dog Meadow

# Relax with your dogs in a tranquil setting

My Dog meadow and my dog barn Lathom opened in July 2020 to cater for the upsurge in dog ownership during the covid 19 lockdown. We offer Secure Off Lead Dog Exercise in both our 2 acre dog meadow and 250m2 covered dog barn

Both facilities are set in a quiet secluded location within the west Lancashire countryside. The facility caters for

- Nervous or anxious dogs/Owners
- Practising recall training
- Dog recovering from illness or injury
- Promotes healthy exercise and well-being for you and your pets

The Dog meadow is a 2 acre fully secured field benefiting from a shelter / picnic area, agility equipment, secure Buried 6ft perimeter fence. For extra piece of mind clients can drive into the meadow enclosure and lock the gate behind you before you let your pets out of the car.

The dog barn is a 250 m2 covered Dog exercise area. This features an artificial grass surface and picnic area. The the fully lit dog barn provides shelter for wet and muddy weather and is well Ventilated, cool and shaded to provide an ideal alternative during extreme heat.

## OUR PRICES

**My Dog Meadow £10** per 55min slot  
up to a maximum of 4 dogs

**My Dog Barn £12.50** per 55min slot  
up to a maximum of 4 dogs

**Additional dogs £2** per dog per 55 min slot

**Maximum Dogs eight** per 55 min slot

Each individual booking is for your sole use for either yourself or with friends and family. No other members of the public will be present during your booked slot.

**Opening times 7 days a week 07.00 to 20.00**

We look forward to welcoming you and your dogs.

**We are located at Low Meadows Farm,  
Wanes Blades Road, Lathom L40 4BN**

Bookings and availability via our website

**Apple Lattice**  
Homemade spiced cinnamon apples in a lattice pie served warm.

Dating back to 1891 and located at the heart of Aughton, just a short walk from Aughton Park train station, The Dog and Gun Inn underwent a full refurbishment in February 2019 and hasn't looked back since. We have an extensive menu, that is remodelled to suit each season, with food being served everyday as well as a range of draught products, including both premium lagers and cask bitters.

The pandemic hit them hard as it did everyone, but the close knit team quickly adapted and started offering Dog & Gun favourites delivered to your home! This proved so popular and was so well received, then when they opened back up, this has continued.

The doors at The Dog & Gun Inn are wide open and

can't wait to welcome you. Their summer menu has launched with delicious dishes such as Homemade Beer Battered Fish & Chunky Chips served with mushy peas, tartar sauce and a lemon wedge, Gyros, a homemade flatbread filled with shredded lettuce, sliced tomatoes, fries and a choice of Salt and Pepper chicken, BBQ pulled pork or Sweet Chilli halloumi. All served with a side portion of fries and crisp salad. As well as a Fish Platter including Gambas pil pil, fish goujons and chunky chips, prawn cocktail, smoked mackerel pate, crisp salad, toasted brown bloomer and tartare sauce. (GF available on request) and a delightful homemade spiced cinnamon apples lattice pie, served warm.

Like so many of their fellow businesses within the hospitality industry they're taking government guidelines

regarding Covid 19 seriously. It goes without saying, they're taking every measure to increase hygiene to the highest level. The health and safety of their employees, and customers remains important to them so you dine in with them, safe in the knowledge they are doing all they can to protect you.

If you'd prefer to enjoy their fantastic food in the comfort of your own home, their takeaway service is back to it's usual hours and is available for both collection and delivery.

The Dog & Gun team want to thank you for your continued patience and kind words for both the business and staff members and they can't wait to see you!

# An idyllic rural retreat for every occasion

Nestling on the edge of the historic county of Lancashire, with stunning views over surrounding woodland and countryside, Holland Hall is an idyllic rural retreat, conveniently located for holidays, weddings, social gatherings, golf, dining out and business events. The 17th Century Grade II listed building has been sympathetically modernised to create a contemporary venue, whilst retaining its period grandeur. The original Holland House, built in 1654, remains a central part of the present-day hotel, with baroque studded entrance door, fireplace and sash windows.

### Secluded countryside location

With their knowledge and expertise in creating fabulous Weddings, they can offer advice on all aspects of planning your big day! Helping you to create memories to treasure for a lifetime. From small, intimate gatherings

to big, celebratory parties, their contemporary designed Garden and Terrace suites provide a variety of spaces to suit different requirements and occasions.

### Thee Robert De Holland full of character and charm

Their Victorian themed bar, with oak floor and central fireplace, is full of character and charm. Featuring a variety of real ales, quality wines and contemporary gins, with a wide choice of excellent pub food, Thee Robert De Holland Inn has something for everyone. Featuring a wide selection of contemporary Gins & Rums, Brodies Tea & Coffee and hearty traditional pub food made from fresh, local produce. Perfect for dining out with family & friends or a celebratory meal.

As a dog-friendly pub, they extend a warm welcome to your happy hound too! With a fresh bowl of water, some

delicious biscuit treats, do not leave your furry friend at home!

If it's a good old traditional Fish & Chips you're looking for, then you need to head to Holland Hall for Fishy Fry-Day! Offering 2 meals of fish and chips for only £18 or an all day chippy tea, this is sure to satisfy your cravings! Served every Friday, 12noon – 9pm

Maybe it's a delicious home cooked roast dinner you're looking for. If so, on Sundays Thee RDH proudly presents their Roast of the Day. With a fantastic 3 courses for only £20 served Sundays 12noon – 7pm.

There is so much to be enjoyed at Holland Hall and Thee RDH, take a trip today to visit the beautiful location. The friendly staff can't wait to welcome you.
